

HELIA

International Sunflower Association Scientific

International Journal of Sunflower

e-ISSN: 2197-0483

About Journal;

Scientific Journal HELIA has been published since 1971 biannually online & print versions by ISA (International Sunflower Association) contribution with FAO as well as Institute of Field and Vegetable Crops, Novi Sad, Serbia until 2023. Currently, Helia journal is started to publish by the IRA (International Researchers Association, Turkey) in Pen Publishing platform authorized by International Sunflower Association. Helia publish twice in a year in June and December, in only online version. It publishes only English language articles.

Objective

HELIA publishes original theoretical, experimental and technical contributions arising from the scientific study of sunflower crops and production.

Topics

Crop agronomy and production
Sunflower genetic resources
Sunflower improvement, breeding and genetic
Sunflower Biotechnology and molecular studies
Sunflower oil and quality
Phytopathology and plant protection
Sunflower physiology
Sunflower marketing, economy and trade
Biochemistry, metabolism, structure, genetics, at diverse levels of integration
Ecology
Soil, water and mineral nutrition management and farming systems

Article formats

Original Articles, Technical Articles (including computer applications), Short Communications, Reports, Letters to the Editor, Hypotheses and Reviews **Your benefits** are highly ranked journal devoted to the study of sunflower crops and farming, Recognized editorial board and insightful reviews, Comprehensive outlook on problematic aspects of HELIA's topics.
